

## Machine Shop Manager

- 🔧 Lead and grow our Machine Shop
- 🔧 Development opportunities to realise your potential
- 🔧 An innovative and positive team culture

### The Kernoohan Team

We're a friendly, positive and solution focussed team and we're proud of our great culture and excellent health and safety standards. We're well known in Nelson for delivering innovative and high-quality engineering solutions and we enjoy the opportunity to work in many different market sectors – our diversity is a key strength.

### The Job

We need an innovative and commercially smart manager to take our busy and well-equipped machine shop to the next level.

With a diverse range of production, repair and jobbing works, no two days are ever the same and keeping a stream of good work into the workshop is essential. We also believe there are lots of opportunities out there to grow and diversify our market and we're looking someone with the ambition, skills and knowledge to achieve this.

### About You

There are some things you'll need on day one

- 🔧 Some solid team leadership experience
- 🔧 A Trade Certificate as a machinist in an Engineering discipline
- 🔧 Five years+ hands-on machining work in a machine shop, engine reconditioning shop or tool making shop
- 🔧 Experience and understanding of CNC capabilities in a machine shop
- 🔧 Experience quoting & estimating machining work
- 🔧 A willingness to grow your social media marketing skills
- 🔧 An understanding of business financials and working with budgets

With sizeable investment in your safety, training and wellbeing we're all about people. You'll be supported to realise your potential and rewarded for your expertise and can-do attitude.
