

Machinist

- Hi tech/well equipped machine shop
- Development opportunities to realise your potential
- An innovative and positive team culture

The Kernoohan Team

We're a friendly, positive and solution focussed team and we're proud of our great culture and excellent health and safety standards. Because we're well known in Nelson for delivering innovative and high-quality engineering solutions, we enjoy the opportunity to work in many different market sectors – our diversity is a key strength.

The Job

We're looking for an experienced machinist to join the highly versatile team in our new and spacious machine shop. With a diverse range of production, repair and jobbing works, no two days are ever the same. The machine shop team's work includes breakdown repairs and one off's to small production runs so it's critical to be able produce quality work in a timely matter.

About You

There are some things you'll need on day one

- A problem solver and a self starter who can think on their feet.
- A Trade Certificate/Qualification in Fitting, Turning & Machining.
- Five years+ hands-on machining work in a machine shop, repair or jobbing workshop environment.

With sizeable investment in your safety, training and wellbeing we're all about people. You'll be supported to realise your potential and rewarded for your expertise and can-do attitude.

To apply for this job please send your CV to jobs@kernoohan.co.nz or for a confidential chat, please call Ruth on 021 400 937

Please note that all applicants must have the right to live and work in NZ
